	<p>Online Safety</p> <ul style="list-style-type: none">○ We look at the approaches taken by Gig Buddies Scotland and Sydney to this important topic.○ Everyone thought the idea of a signed code of conduct was a good idea. It should also be easy to find on the website.○ Everyone agreed it should be simple with everything covered in 4 or 5 key points to make it easier to understand like the one used by Gig Buddies Scotland.○ The code of conduct should apply to online and face to face activities.○ Nicola said that something like this is important because we want to have a nice time and feel comfortable when we get together.
	<p>Any other ideas:</p> <ul style="list-style-type: none">○ Socials could include another music quiz, watch party for a concert or show and silent disco
